

Lesson Review - Cell Division.notebook

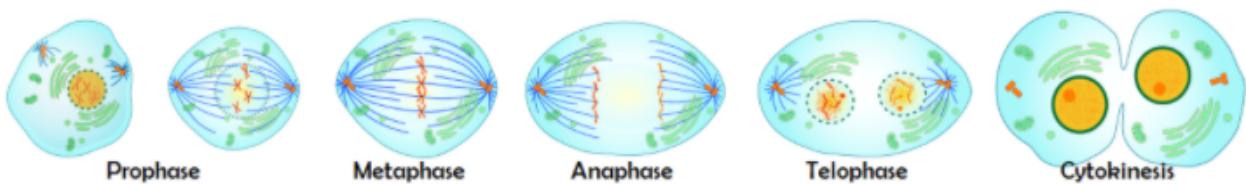

Somatic cells

Diploid

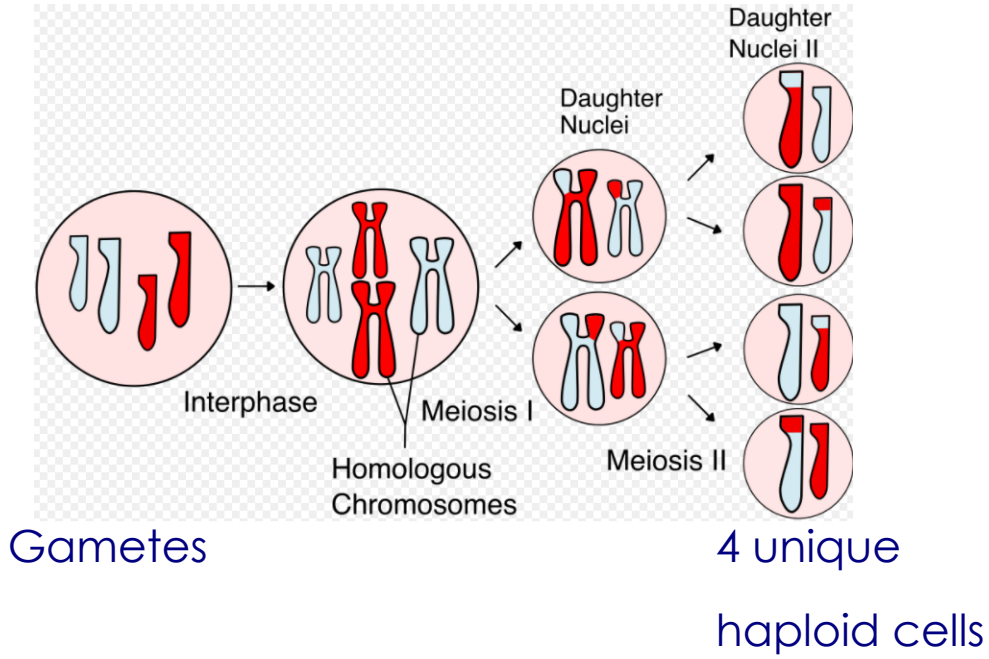

2 identical cells

Interphase not part of mitosis as it is the preparation for mitosis.

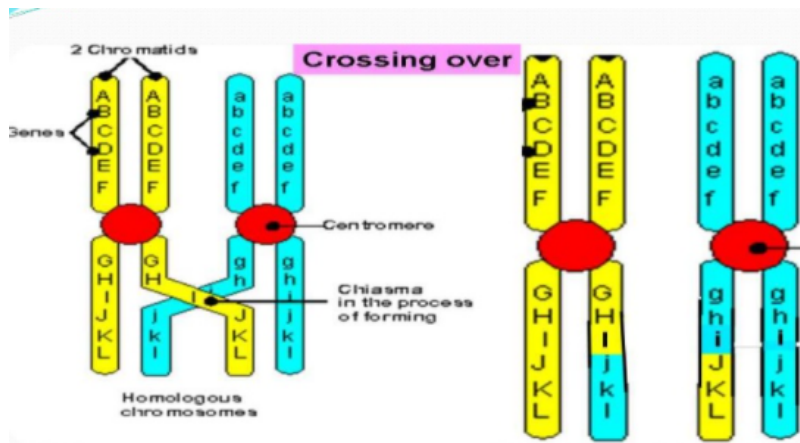

Cytokinesis not part of mitosis as it is when the cell splits in two and breaks the cytoplasm.

Lesson Review - Cell Division.notebook

Prophase I = Crossing Over

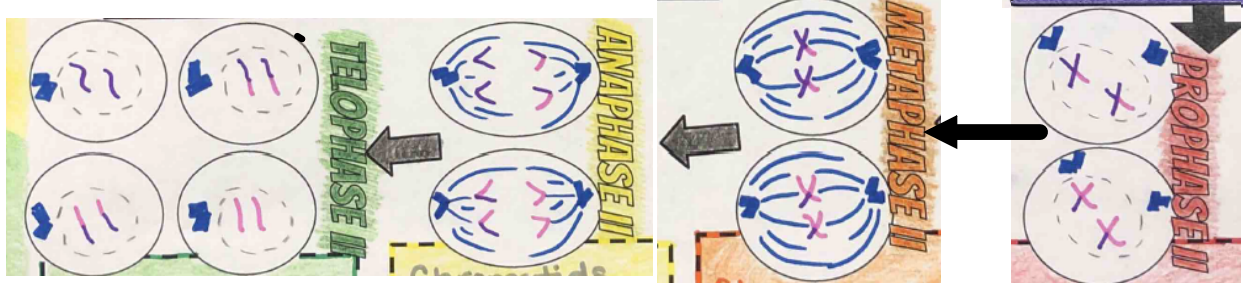

Lesson Review - Cell Division.notebook

Meiosis I

Meiosis II

Meiosis produces gametes -> different for males and females
